Every month we are going to highlight one of our wonderful volunteers. They give of themselves and their time to bring their unique talents to Waterford Senior Living. Without them we would not have the diverse activity program that we have.

This month it is all about Gus and his owner Gerry. Gus is a therapy dog that comes 1-2 times a month to brighten our day. He usually wears some kind of costume for whatever season it is. This last time he even handed out Valentines. He is kind, soft and fun to be around. He is also very well behaved. Thank you to Gus and Gerry for coming to visit us.
Spotlight on: WSL’s Winter Wonderland

January 7th looked like a nice day outside. The sky was clear. It was rather warm for January. Who knew that whose were the perfect conditions for a snowstorm INSIDE. When we came to breakfast the next day we were surprised to see hundreds of snowflakes hanging all down our halls, in the lobby and in the dining room. During the night 4 volunteers came and helped hang the snowflakes to make our Winter Wonderland. Thanks to Pat, Linda, Alexis and Alecia for helping with the blizzard. Our Winter Wonderland will be up until the middle of March. Stop by and see for yourself. Someone commented that they didn’t know they had to go inside in January to see snow in Wisconsin.
sometimes we have new families join our waterford senior family, and we may just assume
you know everyone and what their roles are, but we decided to take this year to tell you a little
bit about all of our staff and what their main job duties are. i say main, because nothing is out
of anyone job description. we have all wiped up floors, plunged out toilets, shoveled snow
and anything else that needs to be done. here are 2 of our staff:

cindy w is our resident wellness coordinator. a simple title for a very important job. while
cindy is not a nurse, she is the person who communicates with your doctors, their nurses,
therapists, acl labs, our in house podiatrist and anyone else pertaining to your health. she is
also the person who our nurse nancy works hand in hand with to make sure our staff has had
all of their trainings and oversees everything we do. cindy makes sure everyone's medications
are here, that they are correct, and available for our trained care-staff to give to you when they
are suppose to be given. cindy orders your labs, sends the results to your doctors, gets all
your paperwork ready for you when you go to an appointment, helps you figure out what may
be wrong when you're not feeling your best and lets your families know what your feeling.
cindy has the kind of job description that goes on and on & some of the details aren't even
written down. in a nice little nutshell, cindy w is here to help you feel your best and help you
be the best you can be.

Did you know???
Kristy works very closely with Cindy W as our Resident Care Coordinator. Like Cindy W, Kristy's job description doesn't quite list everything she is responsible for. Kristy helps new residents to get all their required paperwork done and entered into our computer system. It is also her job to help each resident with their personal care plan indicating what type of assistance they need help with, communicate those services to the staff and make sure residents and families are happy with the cares we are providing. Kristy also likes to call herself our Resident Advocate because if our residents or families feel something isn't right, she will do everything in her power to make it right. Kristy oversees the housekeeping & maintenance departments and works closely with all other departments and staff with their day to day activities and challenges that may crop up.

Kristy & Cindy W are just 2 of the people who work endlessly to make sure things at Waterford Senior Living are being done as they should be. Please know they are here for you and your families and will do whatever they can do to help you.

P.S. Kristy would like to say THANK YOU! THANK YOU! THANK YOU! for all your wonderful aluminum/& can donations. My brother & sister in law are in awe every time I cash the cans in & send them a gas card. You will never know how much I appreciate your helping me with "Kristy's Can Brigade". Keep 'em coming & God bless Each & Every One of You!
